

CITY COUNCIL TO MEET

Alexandria Solons' Vacation Ends on Tuesday.

IMPORTANT MATTERS PENDING

Old Bill for Detective Service Among Questions to Be Decided.

Meeting for Men to Be Held Sunday—Park System Plan Will Be Urged at Next Session of Congress.

WASHINGTON HERALD BUREAU, (1601 Telephone 12.)
223 King Street.

Alexandria, Va., October 2.—The city council will resume its regular monthly meetings next Tuesday evening, following its summer recess. It is expected that the opening session of the fall term will be a busy one, as several matters of local importance, which have accumulated during the vacation, will be brought up for consideration. Municipal improvements will be the subject of many of the measures introduced.

Council will probably at an early date elect a successor to E. C. Graham as a member of the board of police commissioners from the Fourth ward. Since he was elected the last time a change in the boundaries of the wards placed his residence out of the section which he represents. The election was postponed at the summer session of council, when other city officers were chosen. No public announcement has yet been made of any aspirants for the position.

Will Consider Old Bill.
Another matter, which council will probably pass upon finally in the early fall, is the bill of Mayor Paff for an amount something in excess of \$300 for the employment of detectives in connection with the Curtin murder mystery of nearly two years ago. The approval of the committee having the bill in charge is expected in such language of criticism concerning the mayor's action, that the committee's report was rejected by the body. Those who objected to the strictures, claimed that the mayor's course was fully within the law, and demanded by the circumstances in the case. The failure to agree in the matter has kept the bills pending for several months.

To Hold Meeting for Men.
Arrangements have been completed for a social meeting for men, to be held next Sunday afternoon at 2:30 o'clock, in the lecture room of the Washington Street M. E. Church South. Rev. Joseph R. Sevier, pastor of the Second Presbyterian Church, will deliver an address on the subject, "A truncated life." A special musical programme will be rendered. Among those who will participate are Kenneth Ogden, who will sing a solo; Henry K. Field, chorister; A. L. Jameson, and C. J. Howell, violinists; C. W. Fleet, cornetist; Frederick Hill, clarinetist; and Tebe Carleton, pianist. The services will be presided over by Rev. Charles D. Bull, the pastor.

System of Parks Planned.
It is understood that bills will be introduced in the Senate and House at the next session of Congress for the establishment of an extensive system of parks on the government reservation on the Virginia side of the Potomac River, between the highway and the Aqueduct Bridge. Initial steps to secure this end were taken at a meeting of the Alexandria County Board of Trade yesterday evening.

"Annex" Train to Continue.
It is announced that the Pennsylvania Railroad will continue to operate the train known as the "annex" between this city and Washington for the benefit of railroad employees who live here and work in Washington. The information has been received with much pleasure by those whose travel to and from their work would have been affected by the withdrawal of the train from the service.

Preparations for its annual memorial services are being made by Alexandria Washington Lodge of Elks, and exercises will be held in the opera house the first Sunday in December, and the principal address will be delivered by Representative Morris Shepherd, of Texas.

The Southern Railway has abolished the positions as watchman at the Washington and Ohio and the Duke street stations. It is said that the company is seeking watchmen at the stations throughout the system.

B. & O. LOSES TAX APPEAL.

Berkeley County Court Upholds State Assessment.

Special to The Washington Herald.

Martinsburg, W. Va., Oct. 2.—At a special session of the Berkeley County Circuit Court to-day, Judge E. Boyd Paikner handed down his decision in the tax appeal case of the Baltimore and Ohio Railroad Company, sustaining the State board of public works in fixing the valuation of the railroad property in Berkeley County at \$2,400,000.

The court showed that, according to the figures submitted by the railroad officials themselves, one-fourth of the whole valuation of the road was based on the West Virginia. If the figures presented are correct, then the valuation of the road in this State would be \$109,000,000, as fixed by the board of public works.

Witnesses Say They Met Before Former Husband's Illness.

Trip to Norfolk and Marriage Three Weeks After Strange's Death

Detailed to Jury.

Special to The Washington Herald.

Raleigh, N. C., Oct. 2.—All day the prosecution piled in evidence against Dr. D. S. Rowland and his wife, on trial on the charge of poisoning Mrs. Rowland's former husband, Charles R. Strange.

Witnesses told of alleged suspicious conduct of Dr. Rowland at the time of the death of Strange, and of the effort of both to make it appear that they never knew each other until then. Others testified to clandestine meetings between them before this, of their trip to Norfolk three weeks after the death of Strange, and their spending the night at a hotel there and being married the next day.

Other witnesses told of the unusual appearance of the body of Strange, it having a touch of color and slight warmth hours after death, a condition attributed to acointing poison. There was evidence showing hypodermic injections by Dr. Rowland even after Strange was evidently dead.

When court adjourned, Dr. Symme, the chemist, who analyzed the stomach of Strange, was on the stand, and argument by counsel was in progress as to questions to be propounded concerning acointine. Medical experts will be examined to-morrow, when Symme has finished. The defense expects to finish by noon. Then testimony from the defense will be taken.

Night sessions will be held through the remainder of the week, in order to finish by Saturday.

DISMEMBERED BODY IN BOX.

Negro Workmen Uncover Murder Mystery Near Exposition.

Special to The Washington Herald.

Norfolk, Va., Oct. 2.—A murder mystery that may never be unraveled came to light in the vicinity of the Jamestown Exposition where negro workmen, engaged under the Virginia Railway tracks-grading contractor, were grubbing in the bushes near Bush Creek.

The negroes found hidden in high bushes a box, in which was packed a dismembered and headless human body. The one who made the ghastly discovery told others, who, through fear or ignorance, set fire to the box and its contents, and set it to the flames.

Portions of the body saved from the fire showed that it was that of an adult, but whether white or black could not be determined.

CANDIDATES AT FAIR

Meet Big Crowd at Marlboro and Shake Hands.

REPUBLICAN INNING TO DAY

Greatest Throng in History of Southern Maryland Exhibition

Greets the Democratic Standard Bearer—Outlook Declared to Be Good by Dr. Herring—Race Results.

Special to The Washington Herald.

Upper Marlboro, Md., Oct. 2.—The largest crowd that ever attended the Southern Maryland Fair was here to-day, the attraction being the various Democratic State candidates. There were probably 5,000 persons on the grounds.

Dr. J. W. Herring, candidate for State comptroller; Isaac Lobe Strauss, candidate for attorney general, and Cabel C. Magruder, candidate for clerk of the Court of Appeals, accompanied by State Senator A. P. Gorman and Congressman Fred Talbot, came to town early this morning over the Chesapeake Beach Railway, having spent the night at Owings Station as the guest of Harry Owings.

The candidates held a reception at the Farmers' Hotel, and after dinner went to the fair grounds, where they shook hands with many of the throng. Judge John P. Briscoe, candidate for chief judge of the Seventeenth judicial circuit, was also present, and proved himself a great campaigner. This being the home of Mr. Magruder, he was kept busy introducing people. Fred Talbot was a conspicuous figure, and sustained his reputation for being a fine "mixer."

Think Outlook Is Good.

All of the candidates expressed themselves as being highly pleased at the reception accorded them, and declared that the campaign in Southern Maryland, about to be closed, is encouraging in every respect. Mr. Herring, who has been before the people on several occasions, declared that for twenty years he has not known the outlook to be brighter than it is this year.

The party left for Baltimore at 4 o'clock. To-morrow the Republicans will have their inning here, and arrangements are making for handling another large crowd. All the State candidates will be present, and it is expected that Congressman Sydney E. Mudd and other celebrities will attend.

The races, which included two trotting and one running event, were again fine. The first event, a 2:20 trot and 2:30 pace, proved easy for May Queen, owned by George Goodrich, of Washington, and cleverly driven by Thomas. When the horses got the word, Riley A. showed in front to the first quarter, when the nag broke and May Queen jumped into the lead, which she maintained until the wire was reached. Grace D. finished second. The second heat was a pure romp for May Queen. The third was a repetition of the second. The purse was \$250. The summary:

May Queen, 1:11
Grace D., 2:22
Lottie R., 4:33
T. E. S., 2:24
Riley A., 5:55
Colera, 5:55
Time, 2:24, 2:24, 2:24.

Second Race a Hot One.

The second race, free for all trotting, Southern Maryland horses, was hotly contested by Bob R. and Linkwood May. They got away almost in a line, but Bob R. soon took the lead, and was never headed, winning handily. Bob R. again set the pace, but on the back stretch, broke several times, and Linkwood May caught him in the stretch. Going under the wire both horses were running, with Bob R. in the lead. The judges set him back, however, as the result of repeated breaks. In the third heat, Bob R. again assumed the lead early in the race, and was followed by Linkwood May by several lengths. The purse was \$150. The showing made by Linkwood May was a distinct disappointment to his owner, who had been doing the work this spring and summer. She is owned by Dr. John E. Sansbury, of Forestville, while Bob R. is the property of G. W. Richardson, of the Meadows, Prince George County. The summary:

Bob R., 1:21
Linkwood May, 2:12
Garrison, 3:33
Honey Russell, 4:44
Kiki, 4:44
Miss Josephine, 5:55
Time, 2:24, 2:24, 2:24.

Congress Takes the Last.

The running race, a mile dash, for a purse of \$150, horses were started to the post: Sir Ritchie, owned by Fred Tschiffely, of Washington; Congress and Freckman. Ritchie was left at the post, but made up a lot of ground, and was well up at the finish. Congress jumped away in the lead and made all the running, winning pulled up. The other horses tired. Freckman, owned by E. C. Alford, of Rockville, finished second. The winner belongs to Bert Meyers, of Washington. Time, 1:48.

THOUSANDS SEE RACES.

Great Crowd Marks Second Day at Lynnhaven Fair.

Special to The Washington Herald.

Lynnhaven, Va., Oct. 2.—Upward of 1,000 persons were present this afternoon and evening for the second day of the Lynnhaven Fair, and the weather was ideal. To-morrow will see the third day of the fair. The fireworks display was witnessed by a large crowd to-night.

The racing was up to the standard, and judges and horsemen agree that there have never been better races at a county meet in Virginia. The 2:25 pace had to be postponed until to-morrow for completion, after four heats had been run. The summary:
